

Ronghe Chen

Design Technologist | Where Creativity Meets Code

Chicago, IL | ronghechen2027@u.northwestern.edu | [linkedin.com/in/ronghe-chen/](https://www.linkedin.com/in/ronghe-chen/) | <https://github.com/ronghechen> | 312-684-0996

EDUCATION

Northwestern University | Evanston, IL

Dec 2026 (Expected)

Candidate for BS in Computer Science, Psychology Minor; Segal Design Certificate | Dean's List

Relevant Coursework: Human-Computer Interaction; Software Studio; Design Technology & Research; Presenting Ideas & Data; Design & Analysis of Algorithms; Machine Learning; Computer Graphics; Data Structures & Algorithms; Scalable Software Architectures

SKILLS

Design Skills: Typography, Color Theory, Prototyping, Usability Testing, User Research, Design Systems, Branding, Interaction Design

Languages - HTML/CSS/JavaScript, Java, Python, C/C++, Ruby, SQL

Tools - Figma, Adobe Creative Suite, Canva, Miro, Webflow, Notion, Microsoft Office Suite, Tableau, Git

Frameworks - Tailwind CSS, Bootstrap, React, Flask, Ruby on Rails

Certifications - Digital Skills: User Experience (Accenture), React.js (SimpliLearn), Agile User Experience Design and Research (LinkedIn), UX

Deep Dive: Mapping, Usability Testing, Analyzing Data (LinkedIn), Intro to Web APIs (LinkedIn), Amazon Campus Prep Series

EXPERIENCE

Design Technology & Research

HCI Researcher

Winter 2026

- Selected for competitive HCI lab focused on social computing, crowdsourcing, UX design, AI, and organizational behavior to prototype and engineer an experiential travel platform
- Conducted 5+ user interviews to gather insights on travel motivations, behavior, and unique experiences; informing the design of the platform

OpenQQuantify

Software Engineer Intern

Nov 2025 -

- Built a landing page for a compliance-focused AI assistant using Flask, HTML, CSS, and JavaScript, covering 4 regulatory frameworks (HIPAA, GDPR, MDR, PIPEDA) across U.S., EU, UK, and Canadian medical regulations
- Designed 6 responsive wireframes and implemented glassmorphic UI with smooth animations, achieving **sub-2s** page load times
- Integrated OpenAI API to deliver real-time compliance answers, processing user queries with **0.3** temperature for regulatory accuracy

EchoLab (via Product Manager Accelerator Fellowship)

AI UI/UX Intern

Jun 2025 - Sept 2025

- Selected from **500+** applicants to collaborate with PMs, developers, and data scientists to design and develop EchoLab, a B2B SaaS platform that uses AI to convert raw customer feedback into actionable A/B tests
 - Created **10+** mockups, wireframes, and prototypes to develop and iterate on design solutions, reducing engineering rework by **~30%**
 - Developed user personas and user journeys to visualize user behavior and inform design decisions
-

PROJECTS

Wandering Skies (<https://wandering skies.vercel.app/>)

Dec 2025

- An interactive 3D scene rendered with WebGL, allowing users to toggle between 3 times of day (daytime, sunset, night) and 2 different rendering methods (Toon, Phong). Features dynamic lighting calculated based on camera and terrain interaction and customized UI with HTML and CSS.

Portfolio (<https://ronghe-chen.netlify.app/>)

Oct 2025

- Designed and deployed personal portfolio in React.js and Bootstrap to showcase full-stack projects, optimizing for responsive UI and user experience.

Travel Blog (<https://travelwithronghe.netlify.app/>)

Aug 2025

- Built and deployed a personal travel blog using Hugo, a static site generator, customizing layouts with HTML/CSS

NoteSync (<https://software-studio-d7d9fa70f610.herokuapp.com/>)

Jun 2025

- Collaborated with a team of full-stack developers on SaaS live music calendar web app using Ruby on Rails, allowing users to add events and venues (Tech Stack: Ruby on Rails, PostgreSQL, HTML/CSS, JavaScript, Heroku)

Transportation App Interface (<https://www.figma.com/proto/wAuBDtKiUjtUa8D5EDGBVC/Untitled?node-id=2-3>)

Nov 2024

- Designed a transportation app interface with ride matching & dynamic passenger controls, simulating UX for real-time transit systems
-

LEADERSHIP

- Design, Technology, and Research Social Chair (Jan 2026 -):** Plans social and bonding events for 20+ undergraduate and graduate students in HCI research lab
- RAISO Website Co-Chair (Sept - Dec 2024):** Developed a product roadmap and vision for RAISO's new website to better showcase projects, events, and member recruitment materials, oversaw a committee of 6 web developers, and led training sessions for new developers on React fundamentals, version control, and Webflow editing workflows.
- RAISO Treasurer (Feb 2025 -):** Manage \$1000+ quarterly budget and lead funding strategy for speaker panels and ethical AI events.
- Chi Omega Sisterhood Events Coordinator (Apr 2025 -):** Conduct engagement outreach for 70+ members and contribute to inclusive community planning.
- [You.com](https://www.you.com) Campus Leader (Mar - May 2025):** Designed and executed digital marketing campaigns across Northwestern campus, driving 100+ new user signups for [You.com](https://www.you.com), an AI-powered search engine
